Dear Dr. Banks:

Delta Health Center, Inc., organized in 1967 as Tufts-Delta Health Center by Tufts University, is the nation's oldest rural Community health center. We are currently recruiting for a Medical Director to assume a progressive leadership role in continuing the inroads that Tufts University so postively started 23 years ago.

I am soliciting your help in locating a physician with the same dedication and enthusiasm that the Tufts team brought to the Delta in the beginning. I am requesting that the enclosed flyers be posted in your medical college. Also if you know of any physicians that may be interested in taking up this challenge, please have them contact me at (601) 741-2151, or submit their C V to me at the above address.

Enclosed are flyers for posting and literature regarding the history of Delta Health Center.

The people of the Mississippi Delta are eternally grateful to TUFTS for the ray of hope, the light in darkness, that it brought to the Delta.

Your cooperation and Assistance will be greatly appreciated.

Sincerely,

*Marye Bandy*
